## First-Time Eligible Students

### Ontario Secondary School Literacy Test, March 2007

**School: St Mary's SS (689831)**

**Board: Toronto Catholic District School Board (67059)**

I am pleased to provide you with this report, which shows the achievement of students on the March 2007 OSSLT and the previous four administrations.

Working with Ontario educators, EQAO has designed assessments that provide a gauge of student learning at a few critical transition points and a vehicle for assuring people that, at these points, all Ontario students are being assessed by the same yardstick. Large-scale assessment results are one piece of the picture that shows how students are meeting the expectations of the curriculum.

Literacy is a lifelong gift. EQAO works with Ontario's educators to provide valuable information that will help students strive for success and thrive by applying the foundational reading and writing skills that they have developed.

EQAO's literacy test results are intended to be used together with regular classroom assessments conducted by a student's teacher and other school data. These are all important methods of supporting students in their schooling. I trust that this report, when considered in conjunction with other classroom-generated data, will help educators and parents work together to provide students with the skills that are the foundation of a rich and fulfilling adult life.

## TIPS

Each school is unique. To appreciate the distinctive character of a school, look at the contextual information to understand the features and characteristics of the community it serves.

This test captures the performance of students at one point in time each year. Consider the results along with other information about students' performance.

Exercise caution when interpreting results for small schools. Results may vary considerably from year to year, and differences may look exaggerated. For example, in a group of 30 students, a difference of 10% represents only three students.

Trends may be difficult to identify or to interpret. This is especially true in small schools or in schools where there is a high turnover in the student population.

EQAO values students' privacy. Results are not reported publicly for schools where fewer than 15 students fully participated, because it might be possible to identify individual students.

## WHAT IS IN THIS REPORT?

This report shows how well students at this school have met the minimum standard for literacy to the end of Grade 9 as set out in *The Ontario Curriculum*.

### This report includes

- ◆ results for this school compared to the board and province;
- ◆ a comparison of results over the past five administrations of the test to aid in monitoring improvement and
- ◆ information about the characteristics of the students who participated.

### Specifically, you will find

- ◆ summary graphs showing participation and success rates;
- ◆ detailed tables and graphs showing results for various groups of students, e.g., by gender, ESL/ELD;
- ◆ student questionnaire results and
- ◆ an explanation of all terms used in this report.

## HOW TO USE THIS REPORT

- ◆ Examine the contextual information to understand the similarities and differences among this school, the board and the province. Consider the challenges that any differences might present.
- ◆ Examine the school results.
  - Are these results consistent with what you would expect?
  - How do these results compare to the provincial results?
  - How do these results compare over time?
- ◆ Speak to the school principal or the school council chair about the goals for improving student performance.

## EXPLANATION OF TERMS

<b>First-Time Eligible Students</b>	First-time eligible students typically entered Grade 9 during the 2005–2006 school year. These students (and any others who were placed in this cohort) were required to write the Ontario Secondary School Literacy Test (OSSLT) for the first time in March 2007. <b>First-time eligible</b> includes all students in the first-time eligible cohort who are working toward an Ontario Secondary School Diploma (OSSD).
<b>Previously Eligible Students</b>	<b>Previously eligible</b> includes all students who were not successful during a previous administration, or who were absent or deferred, and who were eligible to write the OSSLT in March 2007 (i.e., those working toward an OSSD).
<b>All Eligible Students</b>	This method of reporting provides percentages based on <b>all</b> students in the cohort who are working toward an OSSD. The only students excluded are those who are not working toward an OSSD (exempt students).
<b>Fully Participating Students</b>	This method of reporting provides percentages based on students for whom there is work for both sessions of the administration of the OSSLT and who were assigned an achievement result (successful, not successful). Students who are not working toward an OSSD, those who were absent and those who were deferred are excluded.
<b>Successful</b>	Students who fully participated in the OSSLT and received a score that met the expected standard.
<b>Not Successful</b>	Students who fully participated in the OSSLT and received a score that did not meet the expected standard.
<b>Absent</b>	Students are deemed to be absent if there is no work for <b>one or both</b> sessions of the administration.
<b>Deferred</b>	Students' participation in the OSSLT can be deferred under several circumstances, as outlined in EQAO's <i>Guide for Accommodations, Special Provisions, Deferrals and Exemptions</i> . A student is categorized as deferred only if the school indicates a deferral. If a student completed any portion of the OSSLT, he or she is not categorized as deferred.
<b>OSSLC</b>	Students are placed in this category of reporting if the school indicated that the students would be fulfilling the literacy requirement through the Ontario Secondary School Literacy Course (OSSLC). For details about the OSSLC, see the Ministry of Education Web site ( <a href="http://www.edu.gov.on.ca">www.edu.gov.on.ca</a> ). If a student completed any portion of the OSSLT, he or she is not categorized as OSSLC.
<b>Exempted</b>	Students can be exempted from the OSSLT only if they are not working toward an OSSD. A student is categorized as exempted only if the school indicates that the student is exempted. If a student completed any portion of the OSSLT, he or she is not categorized as exempted.
<b>ESL/ELD Learners</b>	English as a second language (ESL)/English literacy development (ELD) learners are identified by the school.
<b>ESL/ELD Learners Receiving Special Provisions</b>	Students receiving special provisions are students identified by the school as ESL/ELD learners. Detailed information about special provisions is available in EQAO's <i>Guide for Accommodations, Special Provisions, Deferrals and Exemptions</i> .
<b>Students with Special Needs (excluding gifted)</b>	These are students who have been formally identified by an Identification, Placement and Review Committee (IPRC), as well as students who have an Individual Education Plan (IEP). Students identified as gifted are not included.
<b>Students with Special Needs Receiving Accommodations (excluding gifted)</b>	Students receiving test accommodations are students identified by the school as students with special needs. Students identified as gifted are not included. Detailed information about accommodations is available in the Ministry of Education Policy/Program Memorandum No. 127 and in EQAO's <i>Guide for Accommodations, Special Provisions, Deferrals and Exemptions</i> .
<b>N/R</b>	"Not reported" indicates that the number of students fully participating (fewer than 15 in a group) or responding to the Student Questionnaire (fewer than six in a group) is so small that identification of individual student results might be possible; therefore results are not reported.
<b>N/D</b>	"No data available" is used to indicate that there were no students in the group or year specified.
