

Catholic Elementary Schools

Homework Assistance Program

The TCDSB recognizes and values the role of all partners in shaping the Christian climate and culture of our schools.

"Above all, clothe yourselves with love, which binds everything together in perfect harmony. And let the peace of Christ rule in your hearts, to which indeed you were called in the one body."

Colossians 3: 14-15

Homework Assistance Program (HAP)

HAP will provide help with assignments and projects to students in grades 6 - 8 who cannot receive help at home either because their parents do not speak English, are working or both.

Provided in a group environment, students will also receive help with study skills and organization of assignments. The program seeks to foster a positive attitude toward homework and school and this will bring about improvement in grades.

High school students help tutor our students with assignments in earning their community service hours. This program is run by Ms. Virgilio and the Future Aces HAP team.

Purpose

To provide community outreach by educating the whole child through homework assistance, mentoring and enrichment activities that assist children in meeting the daily challenges of the Catholic curriculum.

Goals

Provide a learning environment where children can seek assistance with homework and projects, expand their academic skills and develop into lifelong learners.

Provide a nurturing environment where students can develop competency, resiliency and resourcefulness.

Provide a supportive environment to foster ability, integrity and compassion.
