

The generous spirit of the St. Louis Catholic School community shines through once again as we announce the tremendous success of our global Lenten outreach campaign:

☀ Happy Day !

*Through the "Lifestyle Awareness Calendar" we were able to raise **\$1771.21** to support the students attending the "Bendal Nursery" in Mzuzu, Africa. The generous support of our community will ensure that the young children will have many "happy days" enjoying a variety of school supplies and furnishings for the classroom.*

A heart felt thanks to all those families who participated in this reflective Lenten activity. Your support of this campaign, and your efforts in making a difference in the lives of these young orphans, is greatly appreciated.
