September 25, 2008

Dear Parents/Guardians,

Today during the lunch hour we noticed that our drinking water was turning brown. We have stopped the children from drinking the tap water and we have set up a water cooler for the staff and students. We have contacted the City and they have reassured us that the water is safe to drink. The City has directed us to continue to flush the water. As a precaution we will continue to dispense bottled water until tomorrow. For tomorrow please send a bottle of water with your child.

If you need further information, please call the school.

M. Valtellini  
Principal
