

**Mary Cicogna  
Trustee Ward 4**

April 2, 2008

Dear Parents/Guardians:

I am extremely pleased to confirm that we have been successful as a school community in being approved for the allocation of funds for an addition to St. Norbert's school facility.

This recent capital funding provided to the St. Norbert Catholic School community by the Ministry of Education results in the addition of four (4) classrooms. At this time, I am not able to confirm precise timelines for the completion of this much-anticipated project, but I thought it was important to officially notify you of the Board's commitment to make this a reality as soon as possible and also to continue exploring the acquisition of additional land.

I deeply appreciate and thank all the parents and school supporters who have worked extremely hard to highlight the needs of the school community, and who continue to advocate for the students at St. Norbert's. By working together, we accomplish great things.

I look forward to the start of construction, and more importantly, I look forward to joining you in your newly expanded facility in the future.

Sincerely,

A handwritten signature in cursive script that reads "Mary Cicogna".
