

Easter Message from the Director of Education And Chair of the Board

The most joyful season in our liturgical calendar is upon us as we look forward with hope and faith to the celebration of the resurrection of our Savior, Jesus Christ.

The 40 days of Lent leading up to Easter, and indeed, this longer and colder than usual winter, is a reminder that we must be patient and endure the many challenges that life brings, in order to reap the rewards at the end of our journey.

At the end of a bitter winter comes the warmth and beauty of spring, with the renewal of the earth. In this, our Year of Hope in God, at the end of a sombre and reflective Lenten period, comes the rejoicing in the promise of life everlasting.

Within the school year, we have also journeyed far, with September seeming to be but a distant memory. Throughout the months until now, we have shared in many celebrations, thoughtful conversations, challenging deliberations and inspiring moments in the lives of our students, our colleagues, and our school communities. We can take great pride in the knowledge that collectively we are continuing to support academic excellence, student achievement and well-being, and working towards the fulfillment of our mission and vision as a Catholic education community.

On behalf of the senior team and the Trustees of the Toronto Catholic District School Board, we thank you for journeying with us, and we invite you to remain focused on the very important mandate that we share. We are called to transform the world through witness, faith, innovation and action.

We wish all of you God's blessing during this Easter season. May His love fill your hearts and your homes during Easter and throughout the year.

Happy Easter!
