

National Principals' Month—October 2016

A Message from the Director of Education and Chair of the Board

The Learning Partnership has announced the inaugural celebration of National Principals' Month for October 2016.

We share TLPs views that great Principals inspire great school communities. We also know that great Catholic Principals are also called to lead their staff and students closer to their Catholic faith.

Leadership in a Catholic school requires not only caring and compassionate leadership, but also a desire to work collaboratively with parents, educators, support staff, administration, parishes and other partners. Our Principals are called upon to lead, to mentor and motivate, to listen as well as provide direction, to inspire and to serve with courage and kindness.

These leaders in their respective school communities deserve our support and our admiration for the work that they do on behalf of the students, staff and parents.

During National Principals' Month, you are all invited to share your stories about outstanding principals via Twitter @TLPCanada using the hashtag #Outstanding Principals, and to consider nominating an outstanding leader in your school as one of Canada's Outstanding Principals by visiting the TLPs website: <http://cop.thelearningpartnership.ca/>.

We look forward to celebrating these good news stories about the leaders in our school communities throughout the month.

Thank you to all our Principals and Vice-Principals during this first ever National Principals' Month, and thanks to all those who support them in their important role as leaders in our school communities.

Sincerely,

Angela Gauthier

Director of Education

Angela Kennedy

Chair of the Board
