Bishop Marrocco Thomas Merton C.S.S. Invites You to 'Just' Training Day, Thursday March 11, 2010 at Centennial College

The art school @ Marrocco and Centennial College have teamed up to provide an intensive day in media skill training. Hosted by the '**Just' Docs Festival**, this symposium shows you how to engage your students in justice-based video, audio, web and graphic communications. These intermediate-to-advanced level seminars will appeal to educators throughout Ontario who are teaching leadership and societal engagement through technology. Taught in state-of-the-art media labs by trainers from **Centennial College, Adobe, Apple, CBC, Herff Jones, 'Just' Docs and the National Film Board of Canada.**

NFB Documentary Seminar

The **National Film Board of Canada** has been a partner with the '**Just' Docs Festival** at the art school @ Marrocco for nearly a decade. In that time, students have produced award-winning documentaries that explore the issues of our time: climate change, water quality, sustainable energy, homelessness, gender issues and other challenging topics. Create a documentary from start to finish in this seminar, guided by the experts at the **National Film Board** and '**Just' Docs**.

Final Cut Pro Seminar

This seminar will show you the steps to quickly mastering Final Cut Pro in the educational environment. Teach your students the fundamentals of good storytelling, editing skills and producing films and documentaries.

Adobe Photoshop CS4 Techniques

In this seminar, learn about masks, patterns, blend modes, and gradients using advanced techniques with Adobe Photoshop® CS4 software. Taught by Tracey Simpson, one of Herff Jones Adobe-certified Trainers.

CBC Podcasting Seminar

Learn how to get your students producing radio documentaries quickly and easily, with a seminar taught by CBC Radio Producer, Tori Allen. Ms. Allen produces the Radio/Web TV show 'Q' featuring Jian Ghomeshi. Layering sound and narrative allows students to feel the power of internet radio experience and to tell their stories with immediacy and a fresh perspective.

Web-Based Yearbook Creation

Learn the latest in web-based design tools for school yearbooks from Herff Jones Canada. Find out why students are producing page designs with the same ease of use they have with facebook, myspace and other online web applications. Create crisp professional yearbooks without the expensive software! Tracey Simpson from Herff Jones will conduct this seminar.

Adobe Web Premium

Social networking and downloadable applications are changing the face of interaction in the world. Adobe has been a leader in this technological change by creating software that easily creates and manipulates the content that people produce for the web. Use the Web Premium Suite of applications like Flash and Dreamweaver to find out how students can produce content for the internet quickly and easily.

Apple iLife Seminar (am only)

Find out why the iLife Suite of applications at Apple is the easiest educational multimedia software to use. Join us for an overview of iLife, leading into a focus on iMovie and FinalCut Express. This seminar would appeal to teachers new to the non-linear editing experience.

Apple Final Cut Suite: Motion and Colour (pm only)

Bridge the gap between curriculum and the real world. Find out how the Mac can give your students the necessary edge to improve their creative potential. This session will focus on Final Cut Studio, more specifically- Motion, Color and Final Cut Pro.
(External hard drive is recommended for this session - if you would like to follow along)

Learn how to

- integrate Final Cut Studio into your classroom teaching.
- composite using Motion's easy to use tools.
- color correct and make sense of its user interface.
- use simple editing techniques in Final Cut Pro as a round trip solution for compositing and color grading

NFB Animation Seminar

Discover how your students can express complex themes through simple stop-motion animation. The NFB will lead you through a comprehensive workshop on animation that you can take back to the classroom and use immediately!
