

## **Giving thanks - Gratitude**

**We wish to thank the entire TCDSB community for your unwavering support. Collectively we transform the lives of vulnerable TCDSB students.**

Each TCDSB student who is assisted by The Angel Foundation for Learning is grateful. The expressions of gratitude are heart-warming. We recognize that we are merely the conduit for these expressions of gratitude as they rightly belong to all our compassionate and generous donors.

Students who come to school without breakfast appreciate the nutritious meal that is offered during morning recess. Students who are not able to participate in the class trip are ecstatic when they are given the opportunity to join their classmates. Students who do without basic necessities because of financial limitations are grateful that provisions were made for them to purchase the essentials that they need. Students who are denied the opportunity of attending a post-secondary education are thankful that a bursary made it possible for them to pursue their chosen vocation.

**Thank you for supporting The Angel Foundation for Learning as we continue to assist TCDSB students in need.**
