Title: Transportation: What You Need to Know about Student Transportation Services

Audience: Administrative School Staff

Type: Presentation / Discussion

Description: The Transportation presentation will provide attendees a general understanding of the resources available to schools to help them manage transportation at their schools. This will include a short tutorial on the new TRACS system currently online for schools to access transportation information about their schools. Discussion will also centre on transportation policies, procedures, and protocols and how they affect schools and your school community.

The presentation will be broken down into 4 key areas: Technology, Operation, Planning, and Safety. Some of the material to be covered will consist of proper forms for transportation use, what is the policy and what are the exceptions, communicating with the bus operators, and preparing for a school bus safety presentation.

Details:

OLMC	Room 208	Monday November 9	10:00 – 12:00
OLMC	Room 208	Thursday November 12	10:00 – 12:00
Regina Pacis	Room 203	Thursday November 5	10:00 – 12:00
Regina Pacis	Room 203	Friday November 6	10:00 – 12:00

Please register on-line with [PAL](#) so we can determine participation. Should there be insufficient numbers for the in-service we will notify you in advance of the in-service date. Please see PAL for location information and parking availability.

Hope to see you there!!
