

Believe in Angels

*The Angel Foundation for Learning introduces its new theme for 2009/2010:
Believe In Angels*

"Whatsoever you do to the least of my people, that you do unto me"—

Matthew 25:40

In Scriptures we learn that angels are beings created by God. Angels serve as messengers, guardians and protectors. St. Matthew reminds us that we are called to serve God by ministering to His children.

The Angel Foundation for Learning is proud to minister and serve the students of the Toronto Catholic District School Board. The theme for the Angel Foundation for Learning 2009/2010 is "Believe in Angels." Through this theme we wish to inspire everyone to join in the work of the Foundation and brighten the lives and futures of TCDSB students.

Who are the angels of The Angel Foundation for Learning? Our donors, volunteers, program administrators, TCDSB staff and students. Every day and every year, for nearly 25 years, these angels are able to help the foundation impact the lives of TCDSB students. Students benefit from the work of the foundation through fundamental breakfast, snack and lunch programs; sending students to camps and trips, providing financial support for prescription glasses, hearing aids and clothing, and through the over 19 awards, bursaries and funds administered to students both at the elementary and secondary level.

Thanks to our angels, the Foundation is able to give every student an equal opportunity to thrive – to empower them, impact their lives and create life-changing transformations. There is no doubt that we Believe In Angels!
