St. Denis Community Family Fun Festival

St. Denis Catholic School hosted their annual school family fun festival, inviting the entire community to the schoolyard for an entertaining day filled with games and chocolate treats. All were welcomed, especially students and their families, who proudly showed off their school spirit at the face-painting table. Activities throughout the day added excitement as kids hurried to the peak of the bouncy castle and stuck to the velcro mat with friends. After the lengthy game session, kids joined their families for a barbecue and live music.
