Did You Know?

The Angel Foundation for Learning is pleased to serve the students of the Toronto Catholic District School Board. The support is given in a wide range of areas, each of particular benefit to the students who need assistance.

Student Nutrition Programs make it possible for over 25,000 students to receive healthy meals daily. The School Allocation Fund ensures that no student is left behind when others participate in educational and leadership activities. Life altering and life saving support is provided via the Social Work Emergency Fund that makes it possible for students to have such necessities as epi-pens, hearing aids, warm clothing and the like. The bursaries administered by the Foundation help students to realize their vocational dreams.

The Angel Foundation for Learning is devoted **exclusively** to the students of the Toronto Catholic District School Board. Since its inception in 1987, the Foundation has assisted over **300,000** needy students.
