INTERNAL RESPONSIBILITY SYSTEM – CORNERSTONE OF ONTARIO’S HEALTH AND SAFETY LEGISLATION

Please report all health and safety hazards to your immediate supervisor ... it’s the law.

The Internal Responsibility System (IRS) is the central philosophy behind Ontario’s Occupational Health and Safety Act. Under the IRS, health and safety is a shared responsibility of the Board and its employees. The Board as the employer along with senior staff, supervisors and workers have legal duties and responsibilities related to workplace health and safety.

SAFETY IS EVERYONE’S RESPONSIBILITY

If you have any questions, please call your Occupational Health and Safety Department,
