

CATHOLIC SYSTEM-LEVEL LEADERSHIP

Leadership is the exercise of influence on organizational members and diverse stakeholders toward the identification and achievement of the organization's vision and goals. Leadership practices described in the School-level Leadership section of the Ontario Leadership Framework (OLF) are equally useful for both school- and system-level leaders, but those practices are enacted in qualitatively different ways. This placemat adds to those common leadership practices a set of unique practices demanded of system-level leaders organized by the four domains of the District Effectiveness Framework (DEF).
