Superintendent of Facilities is responsible to implement the Outdoor Play Environment Policy. Principals are responsible to communicate with the Superintendent of Facilities when considering initiating outdoor activity equipment.

Alignment with MYSP:

Living Our Catholic values
Strengthening Public Confidence
Fostering Student Achievement and Well-Being
Providing Stewardship of Resources

Policy:

The Toronto Catholic District School Board (TCDSB) acknowledges that part of children’s development occurs during periods of play. Accordingly, the TCDSB endorses appropriate outdoor physical play environments to enhance the creative, social and physical development and well-being of students.

Regulations:

1. Funding for the purchase and installation of outdoor activity equipment M be through non-Facilities sources, such as the Catholic School Parents Council (CSPC), fund-raising or municipal development funds, other external grants or other funding sources identified by the Board. Guidelines and Procedure are provided at the following link:

2. If applicable, in conjunction with a site improvement project such as asphalt re-surfacing, school yard improvements and/or a tree planting initiative, the site preparation work associated with a play structure installation and/or a school yard greening project, may be funded by the Board's School Renewal Program, administered through Facilities Services, and subject to Board approval of the funding through the School Renewal Program.
3. Implementation of exterior play environments shall comply with the TCDSB Purchasing Policy for consultant and contractor selection and where applicable be supervised by Facilities Services in consultation with the school community.
4. Consultation with the school community – parents and staff, and where applicable the local community, will be undertaken as part of the project development.
5. The Principal in consultation with the Facilities Services Department will approve the location of a new play structure or play area on the site, taking into account site supervision and safety as well as site conditions such as grading, under-ground services, fire route or other access routes
6. Initiation of exterior play environments shall be requested through the Principal to the Facilities Services Department. Facilities Services staff shall provide technical resources and administration of the project, from design through to procurement and construction.
7. The services of a landscape architect, architect or geotechnical engineer may be required to address sub-base drainage or grading issues as well as other design or installation considerations, specific to the site and the project. In such cases, the cost of the consultant, and any associated testing or surveys may be charged to the School Renewal Program, subject to available funding and approval through the School Renewal Program. Otherwise, the cost of the consultant, if

required or recommended by Facilities staff, shall be incorporated into the project budget.

8. Where outdoor activity equipment is being considered by a school community, the school's Superintendent of Education shall make the school community aware of the financial, safety, and social implications of such installation.
9. The Principal will highlight the safety aspects of the playground equipment to the school community on an annual basis.
10. All playground equipment installed on a TCDSB site shall comply with Board specifications and other jurisdictional codes. The Board is responsible for the maintenance and inspection of the equipment and site.
11. Choice of surface materials shall comply with CSA standards.
12. All outdoor activity equipment installed on TCDSB premises, upon Board approval, shall become the property of Toronto Catholic District School Board.
13. Where outside agencies such as the City of Toronto have proposed a cost sharing arrangement for the provision and installation of playground equipment, TCDSB shall have regard for City of Toronto criteria in selecting candidate sites for funding under this program.

Evaluation and Metrics:

The effectiveness of the policy will be determined by measuring the following:

1. The safety of outdoor play environments will be monitored regularly by the Risk Management Department.
2. Feedback will be obtained from parents on the usefulness of the policy.
