

## **External Research Application and Guidelines Toronto Catholic District School Board 2020-2021: Revised January 2021**

### **Application Process**

Any external institution, organization or individual who wants to conduct research activities in the Toronto Catholic District School Board (TCDSB) must submit an application to the Board for approval. This includes people or agencies that plan to recruit research participants from schools and conduct the research off TCDSB premises. Send one copy of all documentation, as described below, to the attention of: Dr. Brendan Browne (Director of Education), at the Catholic Education Centre, 80 Sheppard Ave. E., North York, ON, M2N 6E8. **For legal reasons, please submit a paper copy of all documentation with your original signature** (see Appendix A). **Due to COVID-19 closures, please also submit an electronic copy directly to: [research.review@tcdsb.org](mailto:research.review@tcdsb.org)**

The Director will inform applicants of the decision of the TCDSB Research Review Committee by mail. Applicants who receive approval at the Board level must then contact the Principal(s) of the school(s) in which they want to conduct research. *Principals have the prerogative to decide whether or not a research project will be conducted in their school. Approval of research projects by the Board, while mandatory, does not oblige the principal to accept the project in his or her school. Participation is voluntary; staff, students and parents will decide if they wish to participate.* Applicants must present the Director's approval letter and a one-page summary describing the project to the principal prior to obtaining school approval.

### **Police Reference Check**

Consistent with the Education Act, many researchers will be required to complete a Police Reference Check (*Vulnerable Sector Screening*) prior to commencing their research. This includes all those who will be in direct contact with students.

### **University/Agency Ethics Approval**

All those seeking to conduct research at the Toronto Catholic District School Board are required to submit a copy of the approval letter from their institutional Research Ethics Board (REB).

### **Applications from University/College Students**

Usually, student applications are accepted only for Master's and Doctoral theses that have been approved by their supervising faculty in addition to the approval from the university ethics board. Students conducting other research, including undergraduates engaged in theses or independent research projects, may ask their supervising professor to submit the application on their behalf if the proposed project is part of the professor's ongoing research program. All such projects are to involve current, original research and must be signed by their academic advisor or supervising faculty; this signature constitutes acceptance of responsibility for the conduct of the research.

### **Modification of Approved Research/Extension of Time to Complete Research Projects**

Multi-year projects require completion of a renewal form, as any permission to conduct research applies only for one school year. Any modification to the approved research requires permission from the Board, and may require a separate application. Inquiries regarding the above should be submitted to the Research Review Committee: [research.review@tcdsb.org](mailto:research.review@tcdsb.org).

### **Study Completion**

Upon completion of your research project within TCDSB, it is an expectation that you submit a summary of your findings including any Interim Reports, Final Reports and published results to the Research Review Committee at the TCDSB, attached to the signed *Study Completion Form* (see Appendix B).

### **Assistance from TCDSB Staff**

Board staff does not provide assistance in packaging and distributing materials, technical, administrative, translation or financial assistance for external research projects. No financial costs shall be incurred by the Board for external research projects.

## **Translation**

Many of our students come from homes where English is not spoken. As such, information sheets, letters to parents/guardians and consent forms should be made available in the language spoken in the child's home (where applicable). This is the responsibility of the researcher.

## **Timelines**

Deadlines for applications are:

- **May 10 (of the year preceding the year of anticipated research)**
- **September 8 (of the year of intended research)**
- **November 9 (of the year of intended research)**
- **January 11 (of the year of intended research)**

The applications go through a rigorous review process and may take up to four months. A status update regarding your file will be communicated to you through the Research Review Committee.

External research activities should not be conducted in the schools **before October 15<sup>th</sup>** or **after May 15<sup>th</sup>** (May 1 in elementary schools, because of internal demands in schools).

## **Acceptance Criteria**

Proposals are evaluated on the basis of the following criteria:

- Scholarship (literature review, rationale, references)
- Educational merit (relevance to education): priority is given to projects that address current Board priorities, aligning with the Multi-Year Strategic Plan (MYSP) and Board Learning and Improvement Plan (BLIP). Research undertaken for political or commercial purposes will not be accepted; certain exceptions may apply (e.g., to develop norms for standardized instruments).
- Research design (e.g., methodology, procedures related to sampling, confidentiality, anonymity, data collection, instruments, data analysis)
- Demands from schools (minimal disruption to classroom activities; minimal demands on student/staff time and school facilities)
- Dissemination plan

*Note:* In some cases, external research requests will not be accepted because of ongoing research activities or Board and/or Ministry initiatives.

For inquiries please contact: [research.review@tcdsb.org](mailto:research.review@tcdsb.org)
