

# (K-2) Week 2: Learning the World

Continue your journey of learning over the summer.  
You can choose to explore as many activities as you wish each week.  
Challenge yourself to at least 3 in a row- just like playing Tic Tac Toe!

## My Piece of the World

Make a map for the following story.

Akio lives in an apartment building on the corner of two streets. If he walks left he will pass a park and then his school. If he walks right he will pass the church.

Make sure to label and colour all the parts of your map.

## Living or Nonliving?

Learn and explore about living things [here](#)

Let's learn more [here](#).

*Accommodation / Modification:*

Take photographs or draw pictures in your T-Chart. Use your words to explain why you placed each image in each category.

## Acrostic Poem

Make an Acrostic Poem using your name

But wait, there's more, be sure to read the instructions and follow the secret code found [here](#).

## Quadrants

Fold a piece of paper in half and in half again. In each of the 4 sections, draw a picture of a living thing and write a sentence that explains what it provides for other living things.

Example: Trees provide oxygen for humans to breathe.

## Symmetry Bugs

Click the link to explore the insects featured in the online [Smithsonian magazine](#)

Symmetry means that something is the same or balanced on both sides of a line. Learn more about symmetry by watching this [video](#). Describe the symmetry in the insects.

Use found materials or loose parts to make a [Symmetry Bug](#) of your own.

## Travel the World with a Library Card

Ask an adult to bring you to your local library to [sign up for a library card](#) if you don't already have one!

The Toronto Public Library is a part of the [TD Summer Reading Club](#) again this summer!

Vote for your favourite books and check out all the activities!

## I am Special

Each one of us is so beautiful and special!

Draw yourself and then write at least one thing you like about your: HAIR, EYES, NOSE, BODY, HANDS and FEET.

## Sleeping Pups

Moon's hamster had 10 pups. Moon bought 2 beds for the pups to share.. How many pups could sleep on each bed? Show all the ways the 10 hamster pups could share 2 beds.

Use objects at home or try this [Jamboard](#)

*Accommodation / Modification:*  
Try the problem with 6 pups instead of 10. Provide an image of a ten frame to represent each bed.

## Dancing Goldfish

Have you ever wondered what it would be like to be a fish?

That's what composer Camille Saint-Saëns did when he wrote the piece "Aquarium".

[CLICK HERE](#) to help Camille create a nice dance for his music.
