

Northlea-Caravaggio Endowment (Award) for University Mathematics

The annual award of \$500 is granted to a graduating student of Michael Power/St. Joseph Catholic High School who has demonstrated strong academic achievement, excellence in Mathematics, exemplary school involvement and plans to pursue the study of mathematics or related field at the university level.

Staff at the school will select the recipient. A member of Northlea Corporation is to be invited to the graduation ceremony to present the annual award to the recipient.
