

Latest Updates on Weather Related Cancellations or Closures

February 12, 2019

According to Environment Canada and the Weather Network, the forecast is for the accumulation of up to 15-25 centimetres of snow throughout the day starting this morning. The snow is expected to change to freezing rain and ice pellets later in the day. High winds are also expected.

Given the uncertainty around what the end of the day holds for road conditions and traffic, all school bus transportation is being cancelled for today and all schools and offices are closed.

Please note that all elementary and secondary athletic events scheduled for today are also cancelled.

For those who are calling the central office, please be advised that there may be some delays due to the high call volume.

Other event cancellations:

Due to the inclement weather the Extended French consultation scheduled for this evening at Notre Dame has been cancelled and will be rescheduled at a later date. Information on the rescheduled date will be sent out to the school communities late this week
