All TCDSB Staff, Families, Parishes

During these unusual times, we have seen everyone come together like never before to support students in our schools:

• The teachers and education support staff who continue to deliver curriculum to students in a variety of innovative and engaging ways
• Our IT team who have been working around the clock to get devices to families who need them and ensure services remain online
• Our custodial, maintenance and security staff who continue to ensure that our schools, properties and workplaces remain clean and safe
• Staff and students who are making and delivering masks and other protective equipment to frontline healthcare workers and share messages of hope and gratitude
• Those who continue to ensure that other essential Board services continue without interruption—switchboard operators, admissions, payroll, etc and our central office staff who continue to share critical information and resources with everyone
• Our parents, including OAPCE, CPIC and CSPCs who are doing all they can to support families
• Our parishes who support the faith development of students and school communities, the Archdiocese of Toronto who ensures that all of us can participate virtually in daily Masses, and who together with our own Nurturing our Catholic Community continue to inspire us on our faith journey and provide regular opportunities for prayer and reflection

Our heartfelt appreciation goes out to each and every one of you--our TCDSB Unsung Heroes--who are all continuing to serve and do their part to support Catholic education. Thank you!!!
