PETITION TO The Legislative Assembly of Ontario

WHEREAS the Ministry of Education intends on increasing average class size requirements from 22 to 28 students over the next few years.

WHEREAS increasing classrooms will make it difficult for school boards across the province to schedule course in specialty subjects such as applied physics, music, dance, Senior French, etc. therefore restricting students in their course selection.

WHEREAS a larger class size will decrease the interaction between teachers and students resulting in a broad and generalized education.

WE the undersigned petition the Legislative Assembly of Ontario as follows: that the Minister of Education reconsider raising classroom size averages from 22 to 28 students.
