

October 8th, 2019

Dear Father John Redmond Community,

Our Gifted/Enrichment Program offers a Guest Speaker Series once a month to our students. We have been able to offer these sessions once a month for the past nine years. This opportunity is designed to provide a variety of enrichment experiences by connecting them with adult professionals. Guest Speaker Sessions are conducted by “practicing professionals” who share interests, challenges and ideas from the perspective of their professional and personal experience.

Sessions in the past have covered a wide variety of professional areas. These include: Computer Science, Medicine, Veterinary Studies, Information Technology, Forensics, Law, Engineering, Journalism, Psychology, the Arts, Poetry and History.

We are looking for professionals who are interested in sharing some of their time and expertise. Please, contact me if you know of someone who would be willing to share their expertise with our students.

Thank you in advance for your continued support of our Gifted/Enrichment Program.

Regards,

Waldemar Kruszynski, OCT
