

ATHLETE OF THE WEEK – November 17th to November 21th

MATHEW DA SILVA & TYREL SMITH

Grade 10 junior soccer players, Mathew Da Silva and Tyrel Smith, both played a vital role in capturing the TDCAA junior boys' championship for the second straight year. Mathew Da Silva played as a left wing midfielder, while Tyrel Smith played as an attacking midfielder throughout the perfect 10 - 0 season. Each player capped 11 goals in 10 games, which is very difficult to do in the sport and unheard of since they didn't play the position of a striker and were still able to lead the TDCAA in scoring.

Both players were especially dominant and excelled their level of play when facing tough competitors like Bishop Allen, Bishop Marrocco, Dante Alighieri and St. Basil, exhibiting why they were MPSJ's most valuable soccer players. They acted like true sportsmen on the pitch by unselfishly passing the ball to other team-mates during scoring opportunities, when they could have easily scored themselves, and showed their true commitment to the team by playing through some difficult injuries during the playoffs. Brilliant performance and a fantastic job gentlemen! The Michael Power/St. Joseph Community is very proud of your accomplishments!
