

Kindergarten October Newz!

"Gratitude turns what we have into enough!"

P. Swastek A. Zawistowski

Dear Parent(s),

Where did the first month of school go? School life has been filled with many exciting and engaging activities and experiences for the students. Planting our garden, participating in the Terry Fox Walk, attending the first school mass of the year are a few adventures that our class has already had. Looking forward, the students will continue to develop their letter and phonetic skills through the Jolly Phonics Program. In mathematics, the students will continue to explore the concept of sorting, creating pictographs and developing their counting strategies through the use of our Counting Jar. Please take a look at the pictures below which are a mere snapshot of our class in action!

October Dates To Note

Monday, October 12th: Thanksgiving Monday Wednesday, October 14th: Picture Day
