

Kindergarten January Newz!

All our dreams can come true...if we have the courage to pursue them." – Walt Disney

Dear Parent(s),

Happy New Year! We hope that the holidays were filled with gifts of joy, love and laughter! As we move forward into second term, the students will continue to be challenged with a variety of topics. They will be exploring patterning, winter and the virtue of courage. They will also be involved in many science experiments which focus on the properties of snow and ice. Please take a look at the students in action during the month of December!

January Date To Note

Friday, January 22nd: P.A. Day

Friday, January 29: Multicultural Night

P. Swastek A. Zawistowski
