FOCUS GROUPS - Groups within the school who require additional support
Primary Division

URGENT CRITICAL LEARNING NEED - Schools have many learning needs. This is the most urgent and critical learning need that will be addressed this year.
Students will demonstrate their abilities to apply mental math strategies in computation and problem solving questions.

SMART GOAL - School goal for student learning that school will focus on achieving throughout the year.
Our students will move 1-2 phases in PRIME and/or mental math diagnostic assessments, Grades 1-8, with an emphasis on the primary division.

REQUIRED PROFESSIONAL LEARNING

STAFF PROFESSIONAL DEVELOPMENT CRITICAL NEED - In order to address the student urgent critical need of the school and to work toward the school's SMART goal, the following professional development is required.

Staff will be given the PEI mental math strategies documents and engage in professional development to implement them in their classrooms during the daily 15 minutes dedicated to mental math.

Strategies to deal with math vocabulary in the classroom (Mathology books are an excellent resource)

PROFESSIONAL DEVELOPMENT PLAN - Professional learning topics that will be undertaken by staff throughout the year.

On Oct. 11th, our PD plan will be shared with the entire staff. The resource will be shared with staff and they will need time to read and discuss implementation.

Two mid point check-ins (November and March)

Work with math coach and math facilitator to develop other PD sessions to support the implementation of the PEI mental math resources.
