Re: St. Antoine Daniel Catholic School – Replacement School
Status of the Capital Project for April/May 2018

The Board's Capital Development Department continues to work on the development of a new school at the site of St. Antoine Daniel Catholic School. The status of the project is as follows:

- Two options for the location of the new school are being considered. Both options were reviewed with City of Toronto Planning on March 7, 2018 for their comments; City Planning Staff advised that the Councilor will want to review the options;
- A subsequent meeting was held with the school principal, parents, teacher representatives, and the Trustee on April 11, 2018 to review the school location options; the majority preferred locating the school with frontage on Finch Avenue, similar to the existing school; which will require demolition of the existing school prior to the construction and relocation of students during construction;
- Holy Redeemer Catholic School is being considered to house the students of St. Antoine Daniel during construction; further meetings and discussion will take place should this eventually be required;
- The site options were sent to Councilor in April and a follow up meeting with City Planning staff will be organized;
- A meeting was held in May 15 with school staff to review the site options and issues raised at the meeting on April 11, 2018;
- The Architect will further develop the design and try to organize a Local Design Committee Meetings before the end of the school year, if possible.

Please share this information with your school community. Please also advise parents to check the Board website for updated information on the project at:
