Willowdale, ON,
M2N 2J2

Attention: Joseph Bellissimo, Principal

**Re: St. Antoine Daniel Catholic School – Replacement School
Status of the Capital Project for September 2017**

Capital Development continues to work on the development of a new school at the site of St Antoine Daniel Catholic School. The status of the project is as follows:

- Staff reviewed proposals from architects for design services and interviewed a short list of consultants for the new school;
- A recommendation to the Board to approve the consultant contract award is on the agenda for October 12;
- The first meeting of the Local Design Committee, comprising the school principal, parent and teacher representatives, the area superintendent and trustee, will take place following development of preliminary design options by the architect and review of the proposed site planning approach with the City of Toronto Planning Department. The school design process includes parent and school community meetings where there will be ample opportunity to discuss proposals, provide ideas, input and feedback as the design is being developed.

Please share this information with your school community. Please also advise parents to check the Board website for updated information on the project at:
