## Vinyl Graphics Stair Risers Coming to St. James

We are proud to announce the Installation of the vinyl graphics to our stair risers shortly. Memory math is so important to our students. As they walk up the stairs daily, they will memorize the times table through osmosis.

### South Stairs

3 & 4 multiplication table  
6 & 7 multiplication table

### North Stairs

8 & 9 multiplication table  
11 & 12 multiplication table

## A message from our Bus Safety Presenters. St. James' students rock!!

I would like to take a moment and thank you, the teachers and students for having us at St. James for the bus safety presentations. We enjoyed coming back to remind everyone to be safe around the buses and while riding the bus. I would also like to thank the students for listening well during the presentations and participating safely in the evacuations. They made our day quite enjoyable. We look forward to returning to your school next year. Remember to stay safe around the school buses - Mandy Ramos

## October Food Drive at St. James

St. James School Parent Council together with our Intermediate Student Christian Leadership Club is having an October food drive. Please donate a non-perishable item in your child's school bag and they can put it in the Food Drive bin in front of the school office. Thank you for supporting those in need.

# ST. JAMES Weekly Bulletin

For the Upcoming Week of October 17, 2016

**OUR WEEKLY WRAP UP**  
For week ending October 14, 2016

## **WASTE REDUCTION WEEK: OCTOBER 17 – 23: TAKE THE WASTE-FREE LUNCH CHALLENGE!**

Waste Reduction Week in Canada is a national environmental campaign that builds awareness around issues of resource efficiency, responsible consumption and production, and promotes actions that recover more discards for recycling and conserve natural resources. We encourage TCDSB elementary schools to take the Waste-Free Lunch Challenge during Waste Reduction Week to kick-off environmental awareness all year long! [Click here for more information.](#)
