HOMEWORK ASSISTANCE PROGRAM (HAP)

HAP will provide help with assignments and projects to students in grades 1-8 who cannot receive help at home either because their parents do not speak English, are working or both.

Provided in a group environment, students will also receive help with study skills and organization of assignments. The program seeks to foster a positive attitude toward homework and school and this will bring about improvement in grades.

High school students help tutor our students with assignments in earning their community service hours. This program is run by Ms. Nancy Price (Grades 1-5 in the Library) and Ms. Josephine Virgilio (Grades 6-8, Portable 9) and the HAP team.

Purpose

To provide community outreach by educating the whole child through Homework assistance, mentoring and enrichment activities that assist children in meeting the daily challenges of the Catholic curriculum.
