Attention: Sally Rivers, Principal

Re: St. Paschal Baylon Catholic School – Expanded Addition
Status of the Project – March 2016

Capital Development continues to work on the expanded addition for St. Paschal Baylon.
The status of the project is:

- The project tender closed on April 5, 2016. Staff and the consultants are reviewing the bid and will prepare a report to Board;
- Application for building permit will follow soon;
- A registered Site Plan Agreement is required for a full Building Permit to be issued.
- Pending municipal approvals, construction will start as soon as possible following Board approval of the tender award;
- Once construction begins the area of play space for the children will be reduced;
- Renovations to the existing school will be undertaken during the first summer of construction; some work may occur in the existing school in the second summer; an update on the construction schedule will be provided once the construction contract is awarded.
- Students will be relocated from the portables into the addition when the construction is complete and ready for occupancy.

Please share this information with your school community. Check our website
<http://www.tcdsb.org/schools/stpaschalbaylon/News/SchoolRenovations/Pages/default.aspx> for updated information on the project.

Yours truly,
