at the CATHOLIC EDUCATION CENTRE (CEC)

80 Sheppard Avenue East, Toronto, Ontario (at Sheppard/Yonge)

Are you keeping up with your child's swiping, tweeting, downloading/uploading on their *iphones* or "smart" handheld devices? The Ontario curriculum, programs, and resources aim to prepare students for success in a dynamic, technology-intensive and increasingly connected 21st century world. Parents need to keep up with 21st century knowledge and skills so that we can support and equip our children with what they need today and in the future!

Our 2 Speakers **Lori DiMarco**, Superintendent of Education and **Peter Aguiar**, Program Coordinator, of 21st Century Learning at TCDSB who each bring 26 years of experience and wealth of knowledge about technology in the classroom. They will address how parents and schools can work together with respect to technology, school/home support and explain what is the **TCDSB's 21st Century Learning 5 year plan**.

Come join us to learn how to be a partner in your child's learning, and support our teachers/educators in preparing our children for a rapidly changing, technology-driven, globalized world.
