

Final Zoo Artifact - Part 1

21C ZOO EXHIBIT

Collaborate, brainstorm, research, analyze, and problem solve with your group to create a totally unique, totally innovative, and totally different sort of zoo exhibit that considers:

- The ANIMAL species
- The HUMAN VISITOR
- INNOVATION (new and TOTALLY different)
 - “GREEN”features
 - EDUCATION
- INTERACTIVE features

Stage 1:

Design your 21C ZOO EXHIBIT on chart paper with full illustration, full explanation, (including measurements).

With approval of all features above, you will move on to...

Stage 2:

With the idea of building a small, mock model of your innovative exhibit, determine a list of MATERIALS required to build this model.

Once the MATERIAL LIST is approved you will move on to...

Step 3:

The actual building of your mock model – your INNOVATIVE, 21C ZOO EXHIBIT!

Step 4:

The PRESENTATION of your model (your exhibit) with full and effective explanation.
