

School Report

Grade 9 Assessment of Mathematics, 2010–2011

School: Jean Vanier Catholic SS (723428)

Board: Toronto Catholic District School Board (67059)

On behalf of EQAO, I am pleased to provide you with this report on the results of the 2010–2011 Grade 9 Assessment of Mathematics. Enclosed you will find student results for both the 2010–2011 school year and previous years, so that you can gauge progress over time. You will also find demographic and attitudinal information about the student population assessed, which will support deeper analysis and provide an important context for these results.

Since the creation of this agency, EQAO data have been a catalyst for improving student learning and achievement at all levels of the education system. From Ontario’s classrooms and staff rooms to its school boards and Ministry, educators and education professionals from across the province have become increasingly sophisticated at using EQAO data as an integral part of their continuous improvement efforts.

Within schools, EQAO data are used regularly to guide school improvement initiatives by helping to identify areas of strength and areas needing improvement and by helping to support changes in instructional practices that may be required. The provincial test results can also help schools engage in meaningful discussions about student achievement with their parent community. We all know that parents can and do exert a powerful influence on their children’s work habits, behaviour, attitudes toward school and, ultimately, learning and achievement. EQAO is pleased to help strengthen the partnership between home and school by offering a series of resources for parents and educators, available on the agency’s Web site, to help school communities engage in the kind of meaningful, data-based dialogue that supports student success.

Of course, EQAO data are only one of the sources of information that should be used to assess student achievement. Provincial testing results should always be considered alongside other school and school board-based information.

At EQAO, we are proud to deliver powerful information that supports Ontario’s parents, educators and administrators in their efforts to improve student achievement. I trust that this report will provide you with a valuable set of tools to further support the drive toward excellence in your school community. I am confident that the information in the report will contribute to our shared commitment and purposeful actions toward helping each student reach his or her highest potential.

Sincerely,

Marguerite Jackson
 Chief Executive Officer
 Education Quality and Accountability Office

TIPS

The applied and academic mathematics courses are different and should be considered separately.

Note: Students in locally developed courses do not participate in these assessments.

Each school or board is unique. To appreciate the distinctive character of a school or board, look at the contextual information to understand the features and characteristics of the community it serves.

This assessment captures the performance of students at one point in time each year. Consider the results along with other information about students' achievement in mathematics.

Exercise caution when interpreting results for small schools or boards. Results may vary considerably from year to year, and differences may look exaggerated. For example, in a school of 30 students, a difference of 10% represents only three students.

Trends may be difficult to identify or to interpret. This is especially true when groups are small or in schools where there is a high turnover in the student population.

EQAO values students' privacy. Results are not reported publicly for schools where fewer than 15 students participated, because it might be possible to identify individual students.

ABOUT THIS SCHOOL OR BOARD REPORT

This report shows how well students have met curriculum expectations for either the applied or academic mathematics program to the end of Grade 9. Students complete two booklets that allow them to show what they know in mathematics. The assessment is based on *The Ontario Curriculum: Mathematics, Grades 9 and 10*.

This report includes

- ◆ results for this year;
- ◆ a comparison of results of the current and previous administrations to aid in monitoring improvement and
- ◆ information about the characteristics of the students who participated.

Specifically, you will find

- ◆ summary graphs showing the percentage of students achieving the provincial standard in either applied or academic mathematics;
- ◆ detailed tables and graphs showing results for all levels of achievement, participation information and results for gender
- ◆ student questionnaire results and
- ◆ an explanation of all terms used in this report.

HOW TO USE THIS REPORT

- ◆ Examine the contextual information to understand the similarities and differences between this school, the board and the province; the board and the province. Consider the challenges that any differences might present.
- ◆ Examine the results for applied and academic mathematics.
 - Are these results consistent with what you would expect?
 - How do the school results compare to the board and province; the board results compare to the province?
 - How do these results compare over time?
 - What influence might students' attitudes have on student performance (refer to the questionnaire results)?
- ◆ Speak to the school or board staff about the goals for school improvement related to mathematics.

The Education Quality and Accountability Office is an independent agency that gathers information about student achievement through province-wide assessments. Each year, all Grade 9 students in applied and academic mathematics take part in this assessment across Ontario. Individual results are reported to students and to parents and guardians. School, board and provincial results are released publicly.

STUDENT QUESTIONNAIRE RESULTS FOR THIS SCHOOL (# = 116)				
	■	□	■	
	Strongly Disagree/Disagree	Neither agree nor disagree	Agree/Strongly agree	
STUDENTS' ATTITUDES TOWARD MATHEMATICS				
How much do you agree or disagree with the following statements?	Percentage of Students*			Number of students who answered "agree" or "strongly agree"
I like mathematics.	16	43	40	46
I am good at mathematics.	22	45	33	38
I am able to answer difficult mathematics questions.	30	43	25	29
Mathematics is one of my favourite subjects.	37	28	35	41
I understand most of the mathematics I am taught.	9	28	63	73
Mathematics is an easy subject.	36	45	18	21
I try to do my best in mathematics class.	6	12	81	94
The mathematics I learn now is useful for everyday life.	13	34	50	58
The mathematics I learn now helps me do work in other subjects.	11	28	59	69
I need to do well in mathematics to study what I want later.	14	18	66	76
I need to keep taking mathematics for the kind of job I want after I leave school.	19	25	54	63

* Percentages may not add to 100, due to a lack of or ambiguous responses. Where there is no number in a bar, the percentage of responses is smaller than four.

Grade 9 Assessment of Mathematics, 2010–2011, Applied Course

STUDENT QUESTIONNAIRE RESULTS FOR THIS SCHOOL (# = 116)		
DOING MATHEMATICS		
How much time do you usually spend on mathematics homework (in or out of school) on any given day?	Percentage of Students*	Number of students
I am not usually assigned any mathematics homework	 8	9
30 minutes or less	 41	48
Between 31 and 45 minutes	 31	36
More than 45 minutes	 17	20
How often do you complete your mathematics homework?	Percentage of Students*	Number of students
I am not usually assigned any mathematics homework	 3	3
Never or almost never	 8	9
Sometimes	 32	37
Often	 36	42
Always	 19	22
How often have you been absent from your Grade 9 mathematics class this year?	Percentage of Students*	Number of students
Never	 14	16
One to four times	 47	54
Five to nine times	 21	24
10 or more times	 11	13

* Percentages may not add to 100, due to a lack of or ambiguous responses. Where there is no number in a bar, the percentage of responses is smaller than four.

Grade 9 Assessment of Mathematics, 2010–2011, Applied Course

* Percentages may not add to 100, due to a lack of or ambiguous responses. Where there is no number in a bar, the percentage of responses is smaller than four.

Grade 9 Assessment of Mathematics, 2010–2011, Applied Course

STUDENT QUESTIONNAIRE RESULTS FOR THIS SCHOOL (# = 116)

EXPECTATIONS ABOUT YOUR FUTURE

Do your parents or guardians expect you to continue your education after you finish secondary school?	Percentage of Students*	Number of students
Yes	 79	92
No	 3	4
Don't know	 9	10

What is the highest level of education that you expect to complete?

	Percentage of Students*	Number of students
Secondary-school diploma	 8	9
Vocational or technical training (e.g., college of applied arts and technology)	 19	22
Undergraduate university degree (e.g., bachelor's degree)	 16	18
Graduate or professional university degree (e.g., master's, doctorate or medical degree)	 22	26
Other	 5	6
Don't know	 22	25

USE OF THE ASSESSMENT IN CLASS MARKS

Will your teacher count some or all parts of the Grade 9 Assessment of Mathematics as part of your class mark?	Percentage of Students*	Number of students
yes	 34	40
no	 4	5
don't know	 50	58

* Percentages may not add to 100, due to a lack of or ambiguous responses. Where there is no number in a bar, the percentage of responses is smaller than four.

Often	50%	53%	48%	36%	37%	34%	35%	36%	35%
Always	22%	31%	15%	26%	30%	21%	26%	31%	21%

* Only includes students for whom gender data were available.

† Other response options were "strongly disagree," "disagree" and "neither agree nor disagree."

‡ Percentages may not add up to 100, due to a lack of or ambiguous responses.

Grade 9 Assessment of Mathematics, 2010–2011, Academic Course

STUDENT QUESTIONNAIRE RESULTS FOR SCHOOL, BOARD AND PROVINCE (all students, female, male)	School			Board			Province		
	All Students (# = 105)	Female* (# = 45)	Male* (# = 60)	All Students (# = 4 227)	Female* (# = 2 265)	Male* (# = 1 962)	All Students (# = 93 257)	Female* (# = 48 047)	Male* (# = 45 210)
DOING MATHEMATICS (CONTINUED)									
Percentage of students indicating they have been absent from their mathematics class this year at the following frequencies:†									
Never	24%	22%	25%	18%	16%	19%	13%	11%	15%
One to four times	64%	64%	63%	54%	57%	52%	54%	55%	52%
Five to nine times	9%	11%	7%	15%	15%	15%	19%	19%	18%
10 or more times	1%	0%	2%	6%	7%	6%	7%	7%	7%
OUT-OF-SCHOOL ACTIVITIES									
Percentage of students indicating they do the following “every day or almost every day” when they are not at school:‡									
I read by myself.	19%	31%	10%	22%	29%	13%	26%	33%	18%
I use the Internet.	74%	76%	73%	74%	77%	71%	73%	76%	70%
I participate in sports or other physical activities.	30%	13%	43%	32%	24%	41%	37%	31%	43%
I participate in art, music, dance or drama activities.	22%	29%	17%	22%	25%	17%	20%	24%	15%
I participate in other clubs or organizations.	14%	13%	15%	10%	9%	12%	10%	10%	11%
I play video games.	28%	11%	40%	18%	6%	33%	20%	5%	36%
I volunteer in my community.	9%	9%	8%	4%	4%	4%	4%	4%	4%
I work at a paid job.	1%	2%	0%	3%	2%	3%	4%	3%	5%
I do mathematics-related activities (e.g., doing mathematics puzzles, preparing for mathematics contests or competitions).	9%	13%	5%	3%	2%	4%	3%	2%	4%
Percentage of students indicating a parent, a guardian or another adult at home do the following “very often”:§									
discuss the work I do in school with me	11%	20%	5%	15%	16%	14%	16%	17%	15%
discuss my future studies with me	20%	27%	15%	16%	17%	15%	14%	15%	13%
discuss the different activities I do in school with me	12%	18%	8%	12%	13%	11%	13%	14%	11%
help me with my mathematics homework	7%	11%	3%	8%	8%	7%	9%	9%	9%
encourage me to try my best at school	46%	47%	45%	55%	58%	52%	50%	53%	47%
tell me what is expected of me in school (e.g., behaviour, effort)	33%	27%	38%	39%	41%	37%	32%	31%	34%

* Only includes students for whom gender data were available.

† Percentages may not add up to 100, due to a lack of or ambiguous responses.

‡ Other response options were “never,” “1 or 2 times a month” and “1 to 3 times a week.”

§ Other response options were “never or almost never,” “sometimes” and “often.”

* Only includes students for whom gender data were available.

† Percentages may not add up to 100, due to a lack of or ambiguous responses.

Grade 9 Assessment of Mathematics, 2010–2011

EXPLANATION OF TERMS

All Students	Results are reported for all students in the course.
Participating Students	Results are reported only for those students who took part in the assessment (excludes the "no data" category).
Provincial Standard	The Ministry of Education, in <i>The Ontario Curriculum, Grades 9 and 10: Mathematics</i> , has set Level 3 as the provincial standard.
Level 4 (80–100%)	The student has demonstrated a very high to outstanding level of achievement. Achievement is <i>above</i> the provincial standard.
Level 3 (70–79%)	The student has demonstrated a high level of achievement. Achievement is <i>at</i> the provincial standard.
Level 2 (60–69%)	The student has demonstrated some of the required knowledge and skills. Achievement is <i>below, but approaching</i> , the provincial standard.
Level 1 (50–59%)	The student has demonstrated a passable level of achievement. Achievement is <i>below</i> the provincial standard.
Below Level 1/ Below L1	The student has not demonstrated sufficient achievement of curriculum expectations (below 50%).
No Data	Students who did not complete any part of the assessment due to absence or for medical or other reasons.
English Language Learners	Students who have been identified by the school in accordance with <i>English Language Learners: ESL and ELD Programs and Services: Policies and Procedures for Ontario Elementary and Secondary Schools, Kindergarten to Grade 12</i> (2007). Prior to 2007, English language learners were called English as a second language (ESL)/English literacy development (ELD) learners.
Students Receiving One or More Special Provisions	Students identified by the school as receiving special provisions. Detailed information about special provisions is available in EQAO's <i>Guide for Accommodations and Special Provisions</i> .
Students with Special Education Needs (excluding gifted)	Students who have been formally identified by an Identification, Placement and Review Committee, as well as students who have an Individual Education Plan. Students whose sole identified exceptionality is giftedness are not included.
Students Receiving One or More Accommodations	Students identified by the school as receiving accommodations. Detailed information about accommodations is available in EQAO's <i>Guide for Accommodations and Special Provisions</i> .
N/R	"Not reported" indicates that the number of students participating (fewer than 15 in a group) or responding to the Student Questionnaire is so small (fewer than six in a group) that identification of individual student results might be possible; therefore, results are not reported.
N/D	"No data available" is used to indicate that there were no students in the course for the years specified.
W	Results are being withheld by EQAO. For further information, please contact the school principal.
