

Board: Toronto Catholic District School Board (67059)

School: Madonna Catholic SS (729019)

Demographics

- 1 School(s) with Grade 9 classes
- 5 Class(es) with Grade 9 students in Academic Mathematics
- 3 Class(es) with Grade 9 students in Applied Mathematics
- 83 Grade 9 students in Academic Mathematics
- 44 Grade 9 students in Applied Mathematics
- 2% In English as a Second Language Program (ESL)
- 13% Receiving Special Education Support
- 0% Boys 99% Girls 1% Gender not specified
- 43% Of the students said they speak only or mostly in a language other than English at home
- 5% Of the students said they speak English as often as another language at home

Accommodations/Special Provisions

- 7% Exempt
- 6% Wrote with accommodations and/or special provisions

Semester/Full Year

- 40% Were in a first semester program
- 20% Were in a second semester program
- 0% Were in a full-year program (wrote in June)

Explanation of Terms and Categories

| | |
|---|---|
| Receiving Special Education Support: | The student has an Individual Education Plan (IEP) and may or may not have been identified as an "exceptional pupil" by an Identification, Placement and Review Committee (IPRC); the student receives special education programs and services. |
| Exempt: | Student is enrolled in an academic or applied Grade 9 mathematics program, but was exempted from the assessment due to language or special needs. |
| No data: | Student was eligible and present for the assessment but produced no scorable work. |
| NEIS: | Student was eligible for the assessment but absent for one or more components, or otherwise produced insufficient information to obtain a reliable score for a specific category or strand, or for the overall score. |
| Below L1: | Insufficient achievement of curriculum expectations. |
| Level 1: | A passable level of achievement of curriculum expectations. Achievement is <i>below</i> the provincial standard. |
| Level 2: | A moderate level of achievement. Achievement is <i>below but approaching</i> the provincial standard. |
| Level 3: | A high level of achievement. Achievement is <i>at</i> the provincial standard. |
| Level 4: | A very high to outstanding level of achievement. Achievement is <i>above</i> the provincial standard. |

Explanation of Methods

| | |
|------------------|--|
| Method 1: | All data are reported. Method 1 expresses the number of students achieving at each level, as a percentage of all students in the grade, including students who were exempted and those whose work on the assessment did not produce enough information to score. EQAO uses Method 1 for reporting because publicly funded schools are accountable for the achievement and progress of all students. Schools and boards are required to use this method to ensure consistency of reporting across the province. |
| Method 2: | An alternative way of presenting the data. Method 2 expresses the distribution of student results as a percentage of those students who actually took part in the assessment and produced work that could be scored. Students who were exempted or for whom we have no performance data are excluded. Method 2 highlights the results achieved by students who have scorable work. |

Overall Scores

The overall level of achievement is calculated using students' scores in the categories and strands across multiple-choice, short answer and task components. Students absent for only one component receive an estimated Overall Mathematics score, but no category or strand scores.

Overall scores are adjusted for within-year and year-to-year differences in assessments.
