First-Time Eligible Students

Ontario Secondary School Literacy Test, March 2011

School: Cardinal Newman HS (694193)

Board: Toronto Catholic District School Board (67059)

On behalf of EQAO, I am pleased to provide you with this report, which shows student achievement on the March 2011 Ontario Secondary School Literacy Test (OSSLT) and its previous four administrations. Enclosed you will also find demographic and attitudinal information about the student population assessed, which will support deeper analysis and provide an important context for these results.

Since the creation of this agency, EQAO data have been a catalyst for improving student learning and achievement at all levels of the education system. From Ontario's classrooms and staff rooms to its school boards and Ministry, educators and education professionals from across the province have become increasingly sophisticated at using EQAO data as an integral part of their continuous improvement efforts.

Within schools, EQAO data are used regularly to guide school improvement initiatives by helping to identify areas of strength and areas needing improvement and by helping to support changes in instructional practices that may be required. Used in conjunction with classroom assessments and school-level and contextual information, OSSLT data can provide educators, parents and students with additional means of identifying achievements and challenges as well as strategies for improvement. Literacy is a critical foundation for success in school and in life outside of school. For this reason, the OSSLT is a particularly valuable gauge of how well Ontario students have acquired skills in reading and writing up to the end of Grade 9.

At EQAO, we are proud to deliver powerful information that supports Ontario's students, parents, educators and administrators in their efforts to improve achievement. I trust that this report will provide you with a useful set of tools to further support the drive toward excellence in your school community. I am confident that the information in the report will contribute to our shared commitment and purposeful actions toward helping each student reach his or her highest potential.

Sincerely,

Marguerite Jackson
 Chief Executive Officer

TIPS

Each school is unique. To appreciate the distinctive character of a school, look at the contextual information to understand the features and characteristics of the community it serves.

This test captures the performance of students at one point in time each year. Consider the results along with other information about students' performance.

Exercise caution when interpreting results for small schools. Results may vary considerably from year to year, and differences may look exaggerated. For example, in a group of 30 students, a difference of 10% represents only three students.

Trends may be difficult to identify or to interpret. This is especially true in small schools or in schools where there is a high turnover in the student population.

EQAO values students' privacy. Results are not reported publicly for schools where fewer than 15 students fully participated, because it might be possible to identify individual students.

Ontario Secondary School Literacy Test, March 2011

EXPLANATION OF TERMS

First-Time Eligible Students	First-time eligible students typically entered Grade 9 during the 2009–2010 school year. These students (and any others who were placed in this cohort) were required to write the Ontario Secondary School Literacy Test (OSSLT) for the first time in March 2011. First-time eligible includes all students in the first-time eligible cohort who are working toward an Ontario Secondary School Diploma (OSSD).
Previously Eligible Students	Previously eligible includes all students who were absent, deferred or not successful during a previous administration, and who are working toward an OSSD.
All Eligible Students	This method of reporting provides percentages based on all students in the cohort who are working toward an OSSD. The only students excluded are those who are not working toward an OSSD (exempt students).
Fully Participating Students	This method of reporting provides percentages based on students for whom there is work for both sessions of the administration of the OSSLT and who were assigned an achievement result (successful, not successful). Students who are not working toward an OSSD, those who were absent and those who were deferred are excluded.
Successful	Students who fully participated in the OSSLT and received a score that met the expected standard.
Not Successful	Students who fully participated in the OSSLT and received a score that did not meet the expected standard.
Absent	Students are deemed to be absent if there is no work for one or both sessions of the administration.
Deferred	Students' participation in the OSSLT can be deferred under several circumstances, as outlined in EQAO's <i>Guide for Accommodations, Special Provisions, Deferrals and Exemptions</i> . A student is categorized as deferred only if the school indicates a deferral. If a student completed any portion of the OSSLT, he or she is not categorized as deferred.
OSSLC	Students are placed in this category of reporting if the school indicated that the students would be fulfilling the literacy requirement through the Ontario Secondary School Literacy Course (OSSLC). For details about the OSSLC, see the Ministry of Education Web site (www.edu.gov.on.ca). If a student completed any portion of the OSSLT, he or she is not categorized as OSSLC.
Exempted	Students can be exempted from the OSSLT only if they are not working toward an OSSD. A student is categorized as exempted only if the school indicates that the student is exempted. If a student completed any portion of the OSSLT, he or she is not categorized as exempted.
English Language Learners	Students who have been identified by the school in accordance with <i>English Language Learners: ESL and ELD Programs and Services: Policies and Procedures for Ontario Elementary and Secondary Schools, Kindergarten to Grade 12</i> (2007). Prior to 2007, English language learners were called English as a second language (ESL)/English literacy development (ELD) learners.
English Language Learners Receiving Special Provisions	English language learners identified by the school as receiving special provisions. Detailed information about special provisions is available in EQAO's <i>Guide for Accommodations, Special Provisions, Deferrals and Exemptions</i> .
Students with Special Education Needs (excluding gifted)	Students who have been formally identified by an Identification, Placement and Review Committee (IPRC), as well as students who have an Individual Education Plan (IEP). Students identified as gifted are not included.
Students with Special Education Needs Receiving Accommodations (excluding gifted)	Students with special education needs identified by the school as receiving test accommodations. Students identified as gifted are not included. Detailed information about accommodations is available in the Ministry of Education Policy/Program Memorandum No. 127 and in EQAO's <i>Guide for Accommodations, Special Provisions, Deferrals and Exemptions</i> .
N/R	"Not reported" indicates that the number of students fully participating (fewer than 15 in a group) or responding to the Student Questionnaire is so small (fewer than six in a group) that identification of individual student results might be possible; therefore results are not reported.
N/D	"No data available" is used to indicate that there were no students in the group or year specified.
W	Results are being withheld by EQAO. For further information, please contact the school principal.
