

# DETAILED SCHOOL RESULTS First-Time Eligible Students

## Ontario Secondary School Literacy Test, October 2004

**School: Madonna Catholic SS (729019)**

**Board: Toronto Catholic District School Board (67059)**

Dear Principal,

I am pleased to provide you with this ready-to-use report summarizing student results for your school. It provides an overview of contextual information and student performance on the literacy test administered in October 2004. It also shows the results for the three previous years.

Student assessment is most effective when local data are interpreted over time to determine trends, inform professional dialogue and plan school improvements. Used with other school data, this new report will help parents, educators and others interested in strong public education to work together to ensure that every student achieves a high level of success.

Sincerely,

Marguerite Jackson  
Chief Executive Officer

**This report provides you with school and board data and includes:**

- participation and achievement results for October 2004 and for all four administrations of the test
- contextual information
- achievement results by
  - gender
  - ESL/ELD
  - special needs
  - students' level of study for English
- student questionnaire data
- an explanation of terms

# Explanation of Terms

COHORT DEFINITIONS	
First-Time Eligible Students	First-Time Eligible students typically entered Grade 9 during the 2003–2004 school year. These students (and any others who were placed in this cohort) were required to write the Ontario Secondary School Literacy Test (OSSLT) for the first time in October 2004. <i>First-Time Eligible</i> includes all students in the first-time eligible cohort who are working toward an Ontario Secondary School Diploma (OSSD).
Previously Eligible Students	Previously Eligible students typically entered Grade 9 during the 2000–2001, 2001–2002 or 2002–2003 school years and were first eligible to write the OSSLT in February 2002, October 2002 or October 2003. <i>Previously Eligible</i> includes all students who were not successful during a previous administration, or who were absent or deferred, and who were eligible to write the OSSLT in October 2004 (i.e., those working toward an OSSD).
METHODS OF REPORTING	
All Eligible Students	This method of reporting provides percentages based on <b>all</b> students in the cohort who are working toward an OSSD. The only students excluded are those who are not working toward an OSSD (exempt students).
Fully Participating Students	This method of reporting provides percentages based on students for whom there is work for both days of the administration of the OSSLT, and who were assigned an achievement result (Successful, Not Successful). Students who are not working toward an OSSD, those who were absent one or both days and those who were deferred are excluded.
CATEGORIES OF REPORTING	
Successful	These students fully participated in the OSSLT, and their results met or exceeded the requirements.
Not Successful	These students fully participated in the OSSLT, but their results did not meet the requirements.
Absent	Students are considered absent from the test if there was no work completed in the two booklets administered on <b>one or both</b> days of the administration.
Deferred	Students' participation in the OSSLT can be deferred under several circumstances, as outlined in EQAO's <i>Guide for Accommodations, Special Provisions, Deferrals and Exemptions</i> . A student is categorized as deferred only if the Student Information Form (SIF) submitted by the school indicates a deferral. If a student completed any portion of the OSSLT, he or she is not categorized as deferred.
OSSLC	Students are placed in this category of reporting if the school indicated on the SIF that they would be fulfilling the literacy requirement through the Ontario Secondary School Literacy Course (OSSLC). For details about the OSSLC see the Ministry of Education Web site ( <a href="http://www.edu.gov.on.ca">www.edu.gov.on.ca</a> ). If a student completed any portion of the OSSLT, he or she is not categorized as OSSLC.
Exempted	Students can be exempted from the OSSLT only if they are not working toward an OSSD. A student is categorized as exempted only if his or her SIF submitted by the school indicates that the student is exempted. If a student completed any portion of the OSSLT, he or she is not categorized as exempted.
GROUPS	
ESL/ELD Learners	Students in the English as a second language (ESL)/English literacy development (ELD) group are those identified by the school as ESL/ELD learners on the SIF.
Students with Special Needs (excluding gifted)	Students with special needs are those with an Individual Education Plan (IEP), who may or may not have been identified as "exceptional pupils" by an Identification, Placement and Review Committee (IPRC) (Ministry of Education Policy/Program Memorandum No. 127). Students whose sole exceptionality is identified as giftedness are not included in this group.
Students with Special Needs Receiving Accommodations (excluding gifted)	Students receiving test accommodations are students with an IEP who may or may not have been identified as "exceptional pupils" by an IPRC. Students whose sole exceptionality is identified as giftedness are not included in this group. Detailed information about accommodations is available in the Ministry of Education Policy/Program Memorandum No. 127 and in the <i>EQAO's Guide for Accommodations, Special Provisions, Deferrals and Exemptions</i> .
PROTECTION OF PERSONAL INFORMATION	
N/R	In this report all achievement data have been released to schools and boards with no suppression rules applied. For this reason the report is designated for internal school and board use only. Where the number of respondents to the Student Questionnaire is so small that identification of individuals might be possible, results are suppressed and denoted as N/R (not reported).
N/D	"No data available" is used to indicate that there were no students in a given year.
